MobilCV

INFORMATION FOR ORGANISATIONS

A free CV builder for phones, no sign-up needed

Try the tool

MobilCV is a web tool that lets anyone looking for work create a professional CV in a few minutes and download it as a PDF. You can recommend it to your clients, students or members at no cost.

What it offers

- Works on phones and computers; no app to install.
- 11 languages: English, Turkish, Arabic, German, French, Spanish, Italian, Portuguese, Russian, Chinese and Japanese.
- 3 templates: Modern, Classic and the Japanese rirekisho (履歴書).
- Filled-in CV examples for 60 occupations and practical guides at mobilcv.net.

Our principles

Free
No fees, trial periods or watermarks.

No sign-up
No email address or password required.

CV details never reach us
CV details stay on the user's own device; neither we nor your organisation can see them.

No ads
No advertising on the page and no personal data is sold.

How your organisation can use it

1. **Put up the QR poster**
   Ready-to-print A4 posters for waiting rooms, notice boards and classrooms (English, Turkish, Arabic).
2. **Link from your website**
   Add our ready-made link code to your website or announcements.
3. **Use it in workshops**
   Create CVs on phones together with participants in CV workshops.

Nothing is required from you

No contract, fee, installation or sharing of personal data. Posters, logo and link code: **mobilcv.net/en/for-organisations.html**
